

WHITE NIGHT
RECEPTIONS

WEDDING PACKAGE I 2020

When booking a wedding at White Night Receptions, it's not just about the event space, it's also about the experience.

You will be assigned an event planner/co-ordinator who will help guide you through your wedding planning process. From budgeting sessions to helping you find the right suppliers, your event coordinator will help guide you through the sometimes stressful journey.

The White Night Experience was conceived to help give newly engaged modern day couples a head start in the wedding planning process. Our event planners will help you with budgeting for your wedding and provide you with access to White Night's network of carefully chosen suppliers. We pride ourselves on providing details of only the top industry leaders who are renowned for their personal and professional service.

SESSIONS INCLUDE

PLANNING TOOLS / CONTACT SHARING

We combine our knowledge with your needs and wants, to achieve an insight and overview of your dream wedding. By our budget planner tool and checklists, we can prepare and help you plan more effectively. Once we establish your budget and gain more insights into your personality, style and preferences, we can recommend trusted industry suppliers.

EVENT ORDER PLANNER

We provide you a checklist, which will contain all the information that is required for your wedding. Once you fill this in we convert it into an event order. This document will contain all of your suppliers and their requirements. E.g. set up / bump in times. We also assist you in building your itinerary for the day.

SEATING / GUESTLIST PLANNER

We will show you how to use our guest list seating planner tool. This tool helps you plan your seating as well as tracks/monitors all your RSVPs and dietary requirements.

REHEARSALS / LOGISTICS

We ask you to come in during the week of the wedding to drop off items you need for the reception. (place cards, bonbonnieres, alcohol, custom menus) We also recommend you do a rehearsal with the bridal party, as well as practice your first dance.

To make your experience unique, we can cater for any additional extras that you may require.
